

Mayor's Report

CC Meeting July 8th, 2025

1. Kerrville – Our hearts go out to those that have been affected by the floods in the hill country. The loss of life is devastating but the loss of the young lives is particularly troubling. The City of Berryville will be making a donation to a qualified charity in the region. We will also post a list of qualified charities on the Berryville City Hall group on Facebook.
2. Well 6 is back on-line and we are monitoring it closely for the next few days. We expect to schedule the maintenance on well 7 as soon as possible. That maintenance is expected to take approximately 3 weeks
3. Water System Assessment – Currently have pressure sensors in place across the system. Will be recording information and comparing with the computer modeling of flow rates. The end result will provide that short term plans as well as longer planning for exploring grant opportunities.
4. Oak River Estates – Has revised their development plans. I was able to take a look at them on the Anderson County site. I will provide a link on the Berryville City Hall group.
5. Midway Texas Visit – Had Bobbie, Brenda and myself visit with the Mayor and Secretary to see how a similar city operates and received quite a bit of documentation pertaining to Water Rates and budgeting.
6. Pine Bliss/ Red Ranch – Cody Harris having his hearing in Austin next Tuesday. I do not have a schedule for the arbitration hearing from the state.
7. We have received notification about a potential legal matter concerning 10950 Crestview. We have contacted our city attorney and will follow his guidance.
8. Fire Department – County Contracts have been totally rewritten. We were originally told there were minor changes back in March. However, it was decided to have the county attorney completely rewrite the contracts. We hope they will be approved by the end of July or first week of August Commissioners Meeting.
9. County Emergency Management – Hazard Mitigation Planning. Updating information with the county so that we can qualify for funding if declared disaster area. We've missed out before.
10. Budget vs Actuals for FY 24-25 Available for review. Just want to show where we exceeded our budget or did not meet it.

Overall, you can reach out to me anytime. Email is best. My email and phone number are on the website.
